

ABSTRACT

4-nitro-2-[4'-methoxy)-phenoxy]-methane-sulfonamide or the pharmaceutical acceptable salts or solvates or hydrates thereof are provided. Also provided is their mixture with povidone, phospholipids or cyclodextrin, as well as their pharmaceutical uses, particularly the use as a non-steroidal anti-inflammatory, analgetic agent.

IN THE ABSTRACT:

Please add the Abstract as follows:

4-nitro-2-[4'-methoxy]-phenoxy]-methane-sulfonamide or the pharmaceutical acceptable salts or solvates or hydrates thereof are provided. Also provided is their mixture with povidone, phospholipids or cyclodextrin, as well as their pharmaceutical uses, particularly the use as a non-steroidal anti-inflammatory, analgesic agent.
